

# epsom derby festival **hospitality**

## Map of the Hospitality Facilities

### By car

The racecourse is clearly signposted on most major approach routes. It is situated between Junctions 8 and 9 of the M25, and is also close to Epsom Town Centre on the B290.

### Car parking

A booking of any package (with the exception of the Open Top Buses) within this brochure will include a car park label in a dedicated car park. The car park labels are colour coded and guests are asked to follow the signs relating to that label's colour.

### By train

Epsom Downs is well served by three local stations – Epsom, Epsom Downs and Tattenham Corner. By far the busiest and most frequent is Epsom Station, where it is a short bus or taxi ride up to the course. Epsom Downs and Tattenham Corner are a short distance from the course but are served less frequently.

### By helicopter

There is a Heliport on Epsom Downs. Please ask for more information.
